

January 26, 2024

Dear Sixth Grade Parent,

With two quarters completed at Buffalo Community Middle School, it's time to begin organizing the 2024-2025 school year. Because our registration process is fairly straightforward, we do not use a registration booklet, but there is information we would like to share with you regarding the 7th grade year.

As with your child's 6th grade experience, we will have three 7th grade instructional teams. Each team will consist of Math, English, History, and Science courses. In addition to team core classes, 7th graders will rotate through one quarter of *Art 7*, *College and Career Prep 7*, *Family & Consumer Science (FACS)*, and *Health 7*.

All 7th grade students will attend physical education and music on an every-other-day basis. Students will choose between *Band 7*, *Choir 7*, *Orchestra 7*, or *Music Discovery* to complete the music requirement. Please discuss with your child their music class preference. **This is a yearlong commitment, so please choose carefully.**

This year, students will receive the registration materials and register online with their Primetime teacher the week of January 29th, 2024. If you have questions, please feel free to contact Kim Young, Scheduling Assistant, at 763-682-8207 or Principal Matt Lubben at 763-682-8203.

Sincerely,

Matt Lubben, Principal
